

Med.AI Conference

SEP. 22nd | 09:00 AM | Reichman University, Herzliya

Co Chairs:

Prof. Varda Liberman

Prof. Eyal Zimlichman

Prof. David Reich

Organizing Committee:

Dr. Eyal Klang

Sharon Paz

Robert Freeman

9:00 - 10:00

Sessions Opening:

Prof. Itzik Kreiss - Opening remarks
Director General, Sheba Medical Center

Prof. Varda Liberman

Provost, Head of MBA in Healthcare Innovation, Reichman University

Prof. David Reich - Keynote lecture

MD, President, The Mount Sinai Hospital & Mount Sinai Queens

10:00 - 10:20 | Break

10:20 - 11:20 | Med.AI & Academy

Prof. Yonina Eldar

Prof. of Electrical Engineering at Weizmann Institute of Science, Head of the Center for Biomedical Engineering

At the Crossroads of Science, Engineering and Medicine: Improving Medical Diagnosis Using AI

Prof. Zohar Yakhini

Head of the Machine Learning and Data Science MSc Program, Reichman University

Data and inference in molecular biology and medical science

Dr. Noam Barda

MD, PhD Head of the Real World Evidence Research and Innovation Lab, ARC Innovation Center

Tackling the Covid-19 Pandemic with Causal Inference

Prof. Uri Kopylov

Head of IBD service, Department of Gastroenterology, Co-director, Innovation in Gastroenterology Center, Sheba

AI vs HI - when hype meets clinical practice

11:20 - 12:20 | Med.AI & Personalized medicine and Drug Discovery

Prof. Iris Barshack

Head of institute of pathology

Digital pathology and precision medicine in lung cancer

Prof. Noam Shomron

Faculty of Medicine, Tel Aviv University Head of Genomics, Digital Medicine, and Innovation lab

Medical AI and Women's Health

Dr. Talia Golan

Head of sheba Pancreatic Cancer program, Head of phase I clinical trials unit, Head research and development

Precision Medicine in PDAC: Establishing the Infrastructure for Targeted Treatment & Drug Discovery

Michael Rivers

Vice President-Lifecycle Leader

Digital Pathology, Roche Tissue Diagnostics

12:20- 13:00 | Lunch

13:00- 14:00 | Med.AI & Industry

Liron Freind-Saadon (Nvidia)

Head of Developer Relations and Alliances

Reshaping Healthcare with Artificial Intelligence

Amit Bleiweiss (Intel)

Engineering Director, DataCenter and AI Group, Intel Corp

Healthcare AI - An End-to-End Compute Perspective

Eran Lerer (Shoni VC)

CEO and Managing Partner, Shoni Health Ventures

Raising funds to a HealthTech AI startup

14:00- 14:15 | Break

14:15 - 14:25 | Sessions Closing

Prof. Eyal Zimlichman - Closing remarks

14:25 - 15:15

Experts Panel:

Prof. Eyal Zimlichman (ARC) - Moderator

Chief Transformation Officer and Chief Innovation Officer at Sheba Medical Center

Prof. David L. Reich (MSH)

MD, President, The Mount Sinai Hospital & Mount Sinai Queens

Robert Freeman (MSH)

Vice President of Clinical Innovation and Chief Nursing Informatics Officer at the Mount Sinai Health System

Michael Berger (MSH)

Chief Data & Analytics Officer - MSH and System VP, Enterprise Data - Mount Sinai Health System

Eyal Gura (Zebra)

Founder of Zebra-med (Nanox.ai), Investor at Imagen.ai, Theator.ai, PayZen, aWell, and Medisafe

Yaarit Lotan (Intel)

AI & Industry engagements manager
