DICE (Decision. Intuition. Choice. Evaluation); Sagol Center for Applied Neuroscience; Maytiv Center for Positive Psychology

Field Experience Placements

Major mental health centers, flagship corporations, and leading research labs

Honors Programs in Psychology

For outstanding students - includes Honors thesis

For more information:

<https://www.runi.ac.il/en/schools/rris/undergraduate/ba-psychology/>

DOUBLE MAJOR IN SUSTAINABILITY AND GOVERNMENT

This BA degree in the School of Sustainability equips students with the latest knowledge and skills needed to address the pressing environmental challenges of our time. It offers a comprehensive curriculum to teach students the intricacies of policy and decision-making that balance environmental, social, and economic issues. The program provides a deep understanding of global environmental concerns, including the transition to sustainable energy systems, food security, clean and safe water, and climate change mitigation and adaptation, as well as national security considerations. By pursuing this double major, students gain a well-rounded perspective on sustainability, preparing them to take on leadership roles in various sectors. Graduates possess a competitive advantage when pursuing jobs in a wide range of fields related to sustainability.

Sample Courses

Sustainability: Introduction to Sustainability; Earth System Science; Ecology; Sustainable Energy Systems; Water Resource Management; Sustainable Food Systems; Green Entrepreneurship; Big Data and Sustainability; Geographic Information Systems; Life-Cycle Assessment and Industrial Ecology; Urban Policies in Times of Climate Change; Smart Mobility; Urban Sustainability

Government: International Politics; Conflict Resolution; International Law

Practical Experience

In their final year of studies, students gain practical experience through a Capstone Project. Small groups adopt a problem-solving approach to address a real-life sustainability issue. These projects not only deepen students' understanding of sustainability issues and give them crucial research, analytical, and problem-solving skills but also teach them to work collaboratively, communicate effectively, and think critically.

For more information:

<https://www.runi.ac.il/en/schools/rris/undergraduate/sustainability-government/>

STUDY ABROAD PROGRAM

The Study Abroad Program offers students from around the world the opportunity to study at Reichman University for one semester or year. Students work with an academic advisor to build a personalized schedule, with courses in English that are relevant to them. These courses can count towards a student's major, minor, or elective requirements at their home institution. Study Abroad students can take almost any course, other than courses at the Efi Arazi School of Computer Science, Entrepreneurship courses, seminars, honors classes, or workshops.

Tuition is **\$12,000 USD** per semester. Study Abroad students may reside in the new dormitories for an additional **\$950 USD** per month. These students may be eligible for scholarships and can apply for Masa grants and RRIS needs-based scholarships when studying for a full year.

For more information:

Contact Shelly Hanani, shelly.hanani@runi.ac.il or www.runi.ac.il/en/schools/rris/study-abroad/

Admissions
