# ABOUT VIETNAM – HO CHI MINH CITY

Among one of the fastest growing economies in Asia, Vietnam has been considered as 'a Rising Dragon' of the region. In addition to the long history, rich culture and customs of 54 ethnic races, Vietnam is the choice of destination for many international travelers.

Located in the South of Vietnam, with a pleasant climate, Ho Chi Minh City, formerly known as Saigon, is a national leading center in terms of culture, commerce, technology renovation and professional services. Though just accounting for 0.6% of the land area, it contributes the largest proportion to Vietnam's economy.

Passing through over 300 historical years, Ho Chi Minh City has been developing and preserving a characteristic cultural treasure. Students living in Ho Chi Minh City have many opportunities to discover great historical and cultural tourist attractions such as Cu Chi tunnel, pagodas, temples, museums, beautifully architectural buildings with the combination of Vietnamese, Eastern, and Western styles, as well as experience decent services and entertainment. Furthermore, as a leading dynamic metropolitan city, Ho Chi Minh City provides many favorable environments to students to start a career path in different areas or create their own businesses.

City life reflects the weather: a blend of harmony and chaos. Traffic is heavy and dense and can seem never-ending, but you can always see locals lounging at street side coffee vendors, content to admire the passing free-for-all<sup>1</sup>.

## CLIMATE

Ho Chi Minh City has a tropical climate, with an average humidity of 75%. The year is divided into two seasons: rainy and dry season. Be prepared for downpours during the wet season from May to November.

# ON YOUR ARRIVAL

ON YOUR ARRIVAL

## BUDDY PROGRAM

For international students who are unfamiliar with the lifestyle and culture of Vietnam, studying at International University - VNU (IU) can be a daunting experience. That is why we offer the Buddy Program, in which new international students will be paired up with current IU students (Buddy) who will provide a helping hand to the newcomers at IU.

A Buddy will be a cultural ambassador representing IU and Vietnam to all incoming international & exchange students. By providing linguistic support, cultural guidance, and information about life at IU, Buddy Mentor will have opportunities to develop interpersonal skills, expand networking and experience working across cultures.

For further questions on this program, please don't hesitate to contact our office ISSC:

**ISSC@HCMIU.EDU.VN**

# AIRPORT PICK-UP SERVICE

IU offers airport pick up service for new incoming international students.

## STEP 1:

Complete the Airport Pick-Up Request Form

([http://www.hcmiu.edu.vn/Portals/1/Docs/qhqt/2013\\_01\\_31\\_Airport\\_pick\\_up\\_request\\_form\\_for\\_Inbound\\_students.pdf](http://www.hcmiu.edu.vn/Portals/1/Docs/qhqt/2013_01_31_Airport_pick_up_request_form_for_Inbound_students.pdf)) and send back to us at least 7 working-days before your arrival so that IU could arrange a buddy to welcome you at the airport.

## STEP 2:

The buddy, holding a sign with your name for your recognition, will pick you up at the airport and support you on how to transfer to your accommodation destination.

You are responsible for the fee of this trip. Otherwise, you could also get to your place easily on your own by taking a taxi at the airport.

There are two highly creditable taxi brand names in Ho Chi Minh City:

- **Mai Linh Taxi** : (+84) 28 38 383838
- **Vinasun Taxi** : (+84) 28 38 27 2727

### NOTE:

There will be a lot of taxis waiting for customers in front of the international airport's arrival hall. However, remember to choose the creditable one suggested above to avoid unfortunate incidents. You should always remember these rules when taking a taxi by yourself:

- Keep track on the fare watch of the taxi to make sure that they do not cheat
- Never ask the taxi driver to suggest some places to buy your necessary stuffs
- Do not buy taxi coupon due to their low creditability.

## CURRENCY MATTERS

The official currency in Vietnam is Vietnam Dong; all payments are made in Vietnam Dong. Hence, please make sure you have some money exchanged before leaving the airport. However, do not exchange too much since exchange rate at the airport is not as competitive as at local banks.

Most of our stores and shops prefer cash rather than cards, although some restaurants, shopping malls and taxis do accept paying by cards.

1 USD is approx. 23,000 VND. The largest denomination is 500,000 VND (Approx. 23 USD) and the smallest is 500 VND.

Recommended exchange places:

### **HUNG LONG MONEY EXCHANGE**

Address: 88 Mac Thi Bui

Tel: 028 3829 7887

Working hour: 7AM to 10PM

### **TABLE OF EXCHANGING 59**

## SIM CARD

It is not difficult to buy SIM cards in Vietnam, you could always buy a SIM card at the airport, phone stores or any official retail stores. All types of SIM are available from a single card, just push out the micro or nano size as needed, or ask the sellers for help.

The common price for one SIM Card varies between 80,000 VND and 220,000 VND, which may include 3G/4G internet, mobile credit. For top-up, you could buy a top-up card provided by the mobile network provider you are using. For example, if you buy Mobifone SIM Card, then you should buy top-up card with the same brand "Mobifone". Some reliable mobile network providers in Vietnam are: Mobifone, VinaPhone and Viettel.

If your SIM has not had cellular connection yet, or if you need more information, please ask the seller/your buddy for further supports.

## MOVE IN YOUR NEW HOUSE

On the day you move in your new house, remember to sign a contract with the landlord, then pay the deposit (if any). Please check the information in the contract carefully (Name, contract expiry date, services included, amount of deposit, etc.)

With an expectation to bring all international students together, our welcoming party is a unique opportunity to build cross-cultural relationship through experience sharing. There are numerous exciting activities for participants to explore. We will organize party differently each year. Are you ready to party with us?

### CHRISTMAS & NEW YEAR

Although the predominant religion in Vietnam is Buddhism, and Lunar New Year is our main celebration, Christmas and New Year still remain the two popular holidays in Vietnam with a lot of activities. Therefore, during this event’s week, ISSC will hold a cozy dinner with some small talks, mini games, and gift exchange among participants. We hope to bring you the warmest and most joyful atmosphere in this event.

# TESTIMONIAL

"IU is a good school! Most of the teachers talk good English and the standard of the courses is also good university in general.

The introduction activities for the international students are very good and you will meet many new friends from all over the world during your time at IU. IU try their best to gather all exchange students during the first week so I really recommend to try to be in Vietnam for the introduction week.

IU also provide a "Buddy"-service. You will get a Buddy (which is a student at IU) that will contact you before your arrival to Vietnam. The Buddy will help you when you arrive, show you around if you want and they will be happy to answer your questions, before coming but also during the whole exchange-period."

# SURDANSHANV CHARI

"International University is a place filled with life. In other words, the campus is surrounded by students filled with enthusiasm and it feels like you are walking along a busy street, especially at the ground floor where they practice dancing. Besides, the areas around the cafeterias, and Unimart are equally lively.

The Professors, Staff and Students at IU are very friendly and helpful. On many occasions, I have always met them with a sweet smile, filled with positive energy, and always willing to help you on whatsoever your concern is, be it personal or professional. The staff at the International Student Service Center (ISSC) are the kind of people who go out of their way to serve the incoming students. ISSC is a sort of one stop solution for most of the problems an incoming student may come across in Vietnam."

# TOURIST ATTRACTIONS

Most travelers to Vietnam are attracted by the country's wonderful natural beauty: from the green rice fields in the North to the fascinating bustle of the Mekong Delta in the South. Vietnam is also a country with a long history and ancient traditions. Here are some "must-see" tourist attractions when you travel to Vietnam.

## HANOI THE BEAUTIFUL CAPITAL

Vietnam's capital is the frenetic heartbeat of the nation and a place that befuddles travelers as much as charms them. The motorbike frenzy, pollution, and constant clamor of street vendors can get too much for some travelers, but if you want to dive into Vietnamese city life, Hanoi is the place to do it. The Old Quarter attracts a lot of tourists every year with many small, meandering streets, each shows the name of the goods that were specifically traded there such as Hang Bac (Silver Product), Hang Ma (Paper Product), Thuoc Bac (Herb Product) and Hang Vai (Silk Product), just to name a few. Furthermore, almost all well-know destinations in Hanoi lay close to each other so you can walk or travel by cyclo to visit around there such as Hoan Kiem Lake, Temple of Literature, One Pillar Pagoda, Sword Lake, West Lake, History Museum, Flag Pole, Ho Chi Minh Mausoleum.

## SAPA

### THE MAGICAL HILLS

Sapa in Lao Cai Province, a modest and quiet destination with beautiful hills and mountains, hides the most wonderful magic of the natural scene. Sapa's natural landscape is a combination of human creativity and the topography of hills, green forests, much like a painting with harmonic arrangement and romantic scenes. From the city center you can see the panoramic view of untouched mountain peaks. Visiting Sapa, tourists will have chance to conquer Fansipan peak, a trip to the village hidden in the mist. Mountain scenery with blooming flowers and floating clouds certainly would delight travelers. Moreover, tourists can also travel to other well-known places in Sapa such as: Muong Hoa valley, Love market, Bac waterfall, Ban Ho.

## HOI AN ANCIENT TOWN

This fishing village turned tourist attraction is situated on the coastal plain of Quang Nam Province, about 30 km south of Danang City. Hoi An was an international port in the 16th century; however, the serious trading has long since moved to the city of Da Nang. The heart of the city is the Old Town, where is full of winding lanes and Chinese-styled shops. It is sometimes called the “Venice of Vietnam” because of narrow canals cutting through part of the town.

# HALONG BAY

## WORLD NATURAL HERITAGE

Halong Bay is one of most famous destinations in Vietnam, located in the Northeast of the nation.

Having thousands of magnificent islands with marvelous landscapes, Halong Bay is recognized by UNESCO as a World Natural Heritage Area. Halong attracts both domestic and international arrivals due to outstanding natural beauty. Tourists can travel by boat to explore series of limestone caves with majestic appearance around the bay. There are highlight places in Halong such as Kissing Rocks, Sung Sot Grotto (Cave of Surprises), Thien Cung grotto (Heavenly Cave), Bai Tho Mountain, Hon Trong Mai, and Cat Hai Island, etc. Furthermore, Halong is also voted as one of the 7 new world natural wonders.

## MUI NE

The formerly little-inhabited beach to the south of the fishing village of Mui Ne has seen some serious development in the last 15 years. Thanks to strong sea breezes, it is a popular destination in Vietnam for kiting and windsurfing. A trip to Mui Ne could not be complete without visiting famous sand dunes located within a short distance from the north of the town. The vast sandy expanse provides some great panoramic views especially during sunset.

# DA LAT

## A RHYTHMIC LAND OF FLOWERS AND ROMANCE

Located 300km northeast of Ho Chi Minh and at an altitude of 1,500 meters, Da Lat has the appearance of an old French city. It was founded in 1897 when Doctor Alexandre Yersin recommended that the area be developed as a resort.

Da Lat has many natural and artificial tourist attracting sights such as Xuan Huong Lake, Than Tho Lake, Thien Vien Truc Lam, which are surrounded by rows of pine trees, one of Da Lat's best-known features. A trip to Da Lat is not complete without a visit to the Flower Garden since the temperate climate is suitable for orchids, roses, lilies, camellias and a wide range of other flowers.

SON DOONG CAVE, QUANG BINH PROVINCE
