

A World of Opportunity

Study with us for the experience of a lifetime.

We'd like to introduce you to Washington University's Olin Business School.

At WashU Olin, we educate leaders who are changing the world, for good. Here, you'll learn to take a data-driven, values-based approach to decision-making. You'll apply your classroom learning to real-world problems and you'll engage every day with globally recognized professors whose research is making an impact. You'll think globally and gain a more nuanced view of the global nature of business. And you'll develop an entrepreneurial spirit that allows you to think innovatively and rapidly respond to change.

Our location: St. Louis, Missouri, USA

St. Louis is the birthplace of Jack Dorsey, Chuck Berry and Budweiser—with many big-city attractions, popular national sports teams and a thriving food scene, plus commerce, culture and affordable housing. Ranked the 20th largest metro area in the country, *Forbes* has honored St. Louis as the 7th “Most Affordable City,” and St. Louis is a past recipient of the “All-American City Award.”

WashU is located across the street from Forest Park, an almost 1,300-acre urban park that’s nearly 500 acres larger than Central Park in New York City. Forest Park has 120 miles of paved bikeways, a golf course and five of the region’s major institutions: the Saint Louis Art Museum, the Saint Louis Zoo, the St. Louis Science Center, the Missouri History Museum and the Muny amphitheater.

The WashU Olin campus is also located within walking distance of the Loop, twice named “One of the 10 Great Streets in America” by the American Planning Association. The Loop is home to 140 specialty shops, 60 multinational restaurants, 10 galleries, 40 boutiques and 12 entertainment venues.

St. Louis’s MetroLink light rail system has 37 stations that connect the airport, WashU, downtown St. Louis, the Cortex Innovation Community and many popular neighborhoods. Each end of WashU’s campus has a MetroLink station, allowing for quick travel around the greater St. Louis area.

Fall in love with our campus.

On campus, you'll feel the camaraderie of an engaged community. The Danforth Campus is the ideal size for walking and biking, and interacting with friends and scholars. Students, faculty and community members convene in many gathering places around campus. The Danforth University Center (DUC) is a popular place to eat and study. Walking to class or the library brings you together with classmates and faculty. Danforth Campus residential life situates student living next to our hub of classrooms and libraries. Technology is integrated into all aspects of the campus experience. You'll find all the technology you need to enhance your life, pursue your career passions and excel in your endeavors.

The business school is housed in four buildings with a wide range of learning, meeting and community spaces. The buildings—Simon Hall, the Charles F. Knight Center, Bauer Hall and Knight Hall—form a campus within the larger university campus. Olin is located in the heart of the WashU campus, near residential housing, the Danforth University Center, the Summers Recreation Center, bookstore and a MetroLink light rail station.
